# Austrian Lines Broken

## DECISION OF WHETHER GERMANY WILL ACCEPT DICTATED PEACE OR FIGHT TO END IS EXPECTED SOON

London, Oct. 29.—The Austrian note to President Wilson is tantamount to surrender, in the opinion today of well informed authorities and the press of London.

The Express says it is informed from authoritative sources that the allied conference at Paris soon will present to Germany the terms of an armistice, which, it is believed, will include the occupation of Metz, the Krupp Arsenal at Essen and other fortresses of the enemy.

It is believed in diplomatic circles that the publication of the allied armistice terms will lead to hoisting the white flag of surrender by the enemy forces.

Washington, Oct. 29.—Decision, which will determine whether Germany is to accept a dictated peace or fight to the bitter end, will come out of the great Versailles conference, opening its sessions today. It may be stated authoritatively that President Wilson believes his program for armistice terms will be accepted by the conference. It may be implied that the conference will tell the German he must leave his heavy artillery where it stands on all fronts, though he may take home his side arms; he must evacuate all occupied territory including Russia and Rumania; he must submit to allied control of German seacraft and important munition plants for the time at least and he must expect the allies to occupy strategic points in Germany including strongholds in Alsace-Lorraine, so that there will be no double dealing at the peace table.

The same terms will apply to the armistice with Austria-Hungary. President Wilson is expected to forward immediately the Austrian question for peace to the Versailles conference so that the whole question of terms for Germany, Austria and Turkey may be discussed at the same time.

Acceptance by the Teuton powers of these terms will mean an end to hostilities.

The president is represented today,

by men in his confidence, as believing the Germans will knuckle now to a peace dictated by the allies.

The war department, however, is proceeding with the war orders and war preparations as though no peace talk were in the air. The draft machinery is being hurried and every possible effort is being made to keep munitions and other industries at full pitch. Secretary of War Baker declared his full sympathy with the idea that war work must go on without hindrance.

Austria-Hungary is virtually out of the war, now leaving Germany to fight it out alone, according to the almost unanimous view in diplomatic circles here today.

Emperor Charles in his latest note accepting President Wilson's condition of peace is struggling to save his crown. He agrees to give up the territory of the Czech-Slovaks, the Jugo-Slavs, the Poles, the Rumanians and other small nationalities which he had held in subjection, by his acceptance of President Wilson's terms.

Austria wants peace and intends to desert Germany if the allies will let her. This is the interpretation diplomats place on her appeal for an immediate armistice "without awaiting the result of other negotiations."

The official text has not reached the Swedish legation this morning, but its arrival was expected momentarily.

Whether Charles can now save Austria-Hungary for his empire, is doubtful. Semi-official statements here today reported disorder in Hungary. Magyar leaders are rousing their people to break from Vienna and gain the freedom from the Hapsburgs which they tried to get in 1848 when Austrian arms forced them back into the empire.

Diplomats expect little to be left of Austria except the German section around Vienna. They have no sympathy for the Magyars who have been as cruel in their treatment of subject peoples as the Germans. They do see, however, a chance of isolating the Magyars and the German Austrians and thus weaken them and make the task of protecting the weaker peoples of Central Europe easier.

## CAMPAIGN IS DIRECTED BY G. O. P. LEADERS FROM FLOOR OF SENATE

Washington, Oct. 29.—Directing their congressional campaign from the floor of the senate Republicans today prepared for another attack on President Wilson, Thursday, when the senate meets again.

"They forced abandonment of the plan to recess until November 12, their avowed purpose being to keep congress in Washington so that Democratic political moves may be discussed. There is no thought of transacting any but political business between now and next Tuesday, when the election occurs."

The session Thursday is to be given over to speeches of Senator Watson, Indiana, and other Republicans, with whatever Democratic replies they evoke. The projected election recess may begin Thursday, unless Republicans decided to keep the senate meeting until the end of the week.

Discussion of the Hughes aircraft report is expected. Senator Watson asked late yesterday during the debate whether Democratic members of the senate military affairs committee could tell him what had become of the report. Senator Smith, Georgia, the only member present, said he knew only that the report had been submitted to Attorney General Gregory. Watson wanted to know, he said, later, whether the report is being held up until after the election.

A number of Republican senators have cancelled speaking engagements in order to be on hand when the senate reconvenes. If any effort is made to force a recess before the Republicans want it, they will raise the point of no quorum, which would prevent adoption of a recess resolution.

It was the threat of this action which forced house and senate leaders to forego their plan to recess Monday or today, until Nov. 12.

## PRESS URGES ABDICATION OF THE KAISER

London, October 29.—Colorful reports, pouring into London from the Hague, quoting Berlin newspapers, expose a military coup d'etat, planned by Gen. Ludendorff and Field Marshal Hindenburg to block concessions to President Wilson.

The Vorwarts declares the constitutional changes were rushed to frustrate the coup d'etat. Exposure of the alleged plot is believed to have forced the resignation of Gen. Ludendorff and to have started a movement also to oust Von Hindenburg.

Members of the Reichstag and the Socialist press daily demand abdication of the kaiser.

The Vaecler Dusseldorf declares it is persistently rumored that the German armies will retire behind the Rhine.

German headquarters will be transferred to Dusseldorf, the newspapers said, where it is officially admitted the quartermaster's department is registering billets.

## GERMAN PRESS SAYS AUSTRIA IS OUT OF WAR

Copenhagen, Oct. 29.—Commenting on the Austrian note German liberal papers say there is no use to complain and that Austria's action was no surprise to Germany.

"We must regard Austria as definitely out of the war" is the consensus of German newspaper comment,

## GERMANS FALLING BACK TO GREAT DEFENSE LINE ALONG MEUSE

It is a reasonable presumption that before the present campaign closes owing to winter weather, the Germans will be back on their great defense line along the Meuse

through Dinant and Namur, thence north to the east of Brussels, with the right flank anchored on the fortifications of Antwerp and the Scheidt river to the Dutch border.

South and southeast of Metz the Vosges mountains, with the modern forts of Bitch, Molsheim and Strassburg will be depended upon before the Rhine line is reached.

## HOLD AMERICANS AT ALL COSTS IS ORDER TO HUN ARMY

BY FRED S. FERGUSON.

With the American Armies in France, October 29.—The fight to check the Americans on the Meuse, it is now evident, is Germany's supreme political, as well as military effort.

Orders to prevent the Americans from crossing the river southeast of Brielle, at all costs, and the bitter counter-attacks directed against our positions on the east bank, are indicative of the importance the enemy attaches to the present operations.

Germany is making every effort to keep her political front strong as possible by saving her military face. Loss of the important heights east of the Meuse would be the most severe blow the Boches could suffer. They constitute the German's strongest artillery positions in that region, and would give the Americans control of the terrain for several miles to the northward.

American pressure against the new German defense line continues to threaten the enemy's communications along the entire 25 mile front on both sides of the Meuse.

A hundred and fifty American bombing and battle planes shot up enemy trenches and roads yesterday and dropped five tons of bombs on concentration areas.

The German "red billies circus" opposed Americans in a violent aerial battle. Lieut. Rekenbacher brought down his 21st victim, forcing him down inside the American lines where the doughboys captured the pilot.

American squadrons made 12 flights during the bombing raids. Rickenbacker engaged in three combats. The day was sunny and the air was constantly filled with American aviators.

## PROMINENT CLUB MAN PASSES AWAY

Chicago, Oct. 29.—William A. Lydon, one of America's best known yachtsmen and president of the Great Lakes Dredge and Dock Company, is dead at his home here today following a long illness. Lydon was born at Buffalo, N. Y.

Mr. Lydon, who was a member of many clubs here and in other cities received word recently that his yacht which he turned over to the government at the outbreak of the war had sunk a German submarine in the Mediterranean.

## SEPARATE PEACE ASKED BY TURKEY

Copenhagen, October 29.—Constantinople has proposed a separate peace for Turkey, according to information received here today.

It is stated that the proposal was made independently by the Porte.

## Austria's Note

Basel, Oct. 28.—The Austro-Hungarian Foreign Minister instructed the Austro-Hungarian Minister at Stockholm yesterday to ask the Swedish Government to send the following note to the Washington Government:

"In reply to the note of President Wilson of the 19th of this month, addressed to the Austro-Hungarian Government, and giving the decision of the President to speak directly with the Austro-Hungarian Government has the honor to declare that equally with the preceding proclamations of the President it adheres also to the same point of view contained in the last note upon the rights of the Austro-Hungarian peoples, especially those of the Czech-Slovaks and the Jugo-Slavs.

"Consequently, Austria-Hungary, accepting all the conditions the President has laid down for the entry into negotiations for an armistice and peace, no obstacle exists, according to judgment of the Austro-Hungarian Government, to the beginning of these negotiations.

"The Austro-Hungarian Government declares itself ready in consequence, without awaiting the result of other negotiations, to enter into negotiations upon peace between Austria-Hungary and the states in the opposing group and for an immediate armistice upon all Austro-Hungarian fronts.

"It asks President Wilson to be so kind as to begin overtures on this subject."

## HUNGARY HAS BROKEN FREE FROM AUSTRIA

Copenhagen, Oct. 29.—Hungary has definitely revolted and formed an independent anti-dynastic state, under the leadership of Count Karolyi, in co-operation with the Czechs and Jugo-Slavs, according to a Vienna dispatch to the Politiken.

Karolyi, who was elected head of the national council was given an ovation upon his arrival in Budapest. He told the crowds, which numbered thousands that Emperor Karl has refused his program for a greater degree of separation between Austria and Hungary wherefore an independent state was necessary.

## FORMER PREMIER TRIED FOR TREASON

New York, Oct. 29.—When the trial of Joseph Caillaux, former premier of France, charged with high treason begins today in Paris, one of the links of evidence presented against him will be a deposition made here by Count James Minotto, an interned enemy alien.

Minotto, who is a son-in-law of Louis Swift, of Chicago, was brought here from Port Oglethorpe, Ga.

The Count is said to have made a statement regarding a plot engaged in by Caillaux and Count Von Luxburg, former German minister to Argentina to disrupt the entente.

## REVOLUTION BREAKS OUT IN MONTENEGRO

Zurich, Oct. 29.—A revolution has broken out in Montenegro, according to a dispatch from Laibach today.

The revolutionists, which include Albanian soldiers, have seized Cetinje, Scutari and Rieka. The Austro-Hungarians are evacuating the country.

Cetinje, the capital of Montenegro, is located within two miles of the Hungarian frontier. Riska is six miles east of Cetinje. Scutari, the principal city of northern Albania, is 35 miles southeast of Cetinje. Laibach is a Hungarian city, 35 miles northeast of Trieste.

M'ADOO'S NEPHEW KILLED  
New York, Oct. 29.—James O'Neale, Jr., a nephew of Secretary McAdoo, is reported to have died of wounds in France.

Nov. 9.—E. E. Finney.  
Feb. 20.—L. B. Stingley.

## AMERICAN LONG RANGE GUNS ARE POUNDING HUNG

London, Oct. 29.—Austrian armies in Italy have been beaten back on a twenty mile front northeast of the Piave. The British tenth arm has swept four miles beyond the river.

Italian forces on the British left have broken the Austrian lines and driven the enemy back toward the Mountains.

More than 9000 additional prisoners have been taken. In four days the allies have taken more than 16,000 prisoners.

On the west front the American naval gun have opened fire on Longuyon and the German supply lines passing through that town. Longuyon is 18 miles from Pershing's line across the Meuse.

East of the Meuse American forces have wrested Belle Wood from the Germans. A German official statement admits that a withdrawal is in progress on this front.

North of the Argonne forest American troops made an advance of nearly a mile, capturing 200 prisoners.

The Germans continue to retreat between the Oise and the Sarre under driving attacks by the French.

In Mesopotamia the British have captured the important town of Kerkuk, 155 miles north of Bagdad, cutting the road from Sherghest to Mosul, one of the principal Turkish lines of communication.

American long range guns are bombarding the Mezieres-Sedan-Mont-Medy-Longuyon railway, ten or twenty miles behind the German lines. Hungary has revolted and set up an independent state, in conjunction with the Czechs and Jugo-Slavs.

"The Montenegrins, aided by Albanian soldiers, have started a revolution seizing Cetinje capital of Montenegro, and Scutari, principal city of Northern Albania.

The German socialist press and members of the Reichstag continue to demand abdication of the kaiser.

German newspapers declare the German armies will retire behind the Rhine and that preparations are underway to establish headquarters in Dusseldorf. Civilizans are fleeing from the lower Rhine provinces.

The Austrian lines have been broken on the Piave front where the Italians and British are across the river on an unbroken line of thirty miles. The Americans are locked with the Germans in a desperate battle along the important heights on both sides of the Meuse.

Rome, October 29.—Italian and British troops continuing their offensive in the Piave region, have broken through the Austrian lines on a wide front, the Italian war office announced today.

"The battle is proceeding on a front of about 5 miles from the Asiago region to a point on the Piave between Treviso and Oderzo. The Italians and British are across the Piave on the whole thirty mile front, between Valdobbiadene and Roncadelle. The allies have driven a great wedge into the enemy lines northeast of Treviso, advancing more than 10 miles east of the Piave on a fifteen mile front.

The villages of Brogo, Malonotto, Tezze, Rai, San Michale, Di Piaz, Cinadolmo, Ormelle, Roncadello, Tempio, and Bianche have been captured. San Lucia Di Piave and Valzole have been entered. Italian troops are within a mile of the Montebelluna river. In the mountain region, the Italians have extended their gain north of the Orne river. Numerous prisoners have been taken in addition.

(Continued to Page 4)

## LOCAL ITEMS

### WEATHER REPORT

Fair and slightly warmer tonight; Wednesday fair.

Mrs. M. E. Johnson of West Main street, who is ill of typhoid fever, was taken to the Espey hospital Tuesday morning. Her 13 year old daughter has been at the hospital for the last two weeks suffering from the same ailment.

Mrs. George Ebright, her daughter, Miss Emma, and her sister, Miss Emma Hutchison have moved from the Ebright home on Washington street to the second floor apartment in the building owned by Miss Hutchison on West Main street.

I am back in the plumbing business in my shop on West Third street. Philip Jordan.

Sergeant Stephen G. Phillips is now on his way from Camp Sherman to Jackson, Ohio, where he will enter the Quartermaster Officers' training school. Sergeant Phillips has been in the Quartermaster's Corps at Camp Sherman for the last eight months, and his advance in that branch of the service has been rapid. The party with which he is travelling from Camp Sherman to Jackson, left Cincinnati Tuesday morning.

Gazette Route for sale quick. Good paying route. 11-1

Leroy Brower of the Brower Furniture Store is in Cincinnati on business.

County Commissioner R. E. Corry is at his home in Yellow Springs, a victim of influenza.

### GET IT AT DONGES.

Mr. and Mrs. Walker Gibney and son John, motored to New Concord Sunday and spent the day with Mrs. Gibney's parents, Mr. and Mrs. Joseph Vandervort.

John Guilday and Harry Hagler returned to the University of Cincinnati to resume their training there after a two weeks vacation on account of the influenza epidemic.

For Rent—Two rooms on corner of Main and Galloway. Call Mrs. Cosley, 138 W. Second St. 10-29 adv

Mrs. O. E. Bales who slipped and fell in Woolworth's store a few weeks ago is improving slowly. She is able to sit up in a chair for a few hours each day.

Public Sale—34 head of Shropshire ewes and one Shropshire buck, to be sold at the McCall sale, October 30. Extra good quality.

Mrs. Jennie Rudduck fell down a flight of cellar steps at her home 110 East Third street, a day or so ago, and received a fracture of the right wrist, and severe contusions about the face. Dr. D. E. Spahr set the fracture.

Mr. Parrett, an inspector with the State Bureau of Public Accounting, has arrived in Xenia to take up the work of the regular inspection of county books and records.

Miss Faye Cavanaugh has tendered her resignation as teacher in the sixth grade at McKinley school, to take a clerical position at the Xenia National Bank, filling the vacancy created by the resignation of Miss Tresslar.

Clerk of the Courts George W. Sheets, who had pneumonia, is improving, and his condition Monday was very favorable.

Mrs. Charles W. Adair, who has been ill of influenza for the last ten days, is improving. Her condition Tuesday was better than it has been for a number of days.

Miss Sarah Galloway, who is instructor in music in the public schools at Huntington, W. Va., has returned to Xenia, the schools having been closed for an indefinite period owing to the epidemic of influenza.

Dr. Andrew Timberman, of Columbus, eye, ear, nose and throat specialist, came to Xenia Tuesday afternoon for the purpose of consulting with other physicians regarding the case of Melvin Henson, pupil at the Ohio Soldiers' and Sailors' Orphans' Home, who is dangerously ill of a malady which has not been diagnosed. Dr. Timberman is a member of the Volunteering Medical and Surgical Consulting Staff of the Home.

Let us tell you about our free sale bill proposition. Call at this office.

Cards have been received by Xenia friends of the Rev. Martin Luther Fox, of Lansing, Mich., formerly pastor of the First Reformed church, this city, announcing his marriage with Mrs. Rebecca Ann Fulton, also of Lansing, which took place October 25. Rev. Fox and his bride will be at home after December 1, at the parsonage, 216 West Ottawa street, Lansing. Rev. Fox is now pastor of a Methodist church at Lansing, he having become affiliated with that denomination after leaving Xenia. His bride was a prominent church worker in his congregation.

Miss Ruthanna Bales started Saturday for Massachusetts where she will enter a hospital to take up nurse training. Miss Bales enlisted in the student nurse reserve.

Mrs. Elizabeth Miller of 725 West Second street, was stricken with paralysis, last night, and is in a critical condition. Her left side is affected. Mrs. Miller is 79 years of age.

We now have our Famous West Virginia Gem coal. Stiles Company. adv 10-30

Short funeral services over the remains of Mrs. Baldwin Allen will be held at the late residence, 420 E. Main street, tomorrow, Wednesday afternoon at 1 o'clock. The remains can be viewed any time after 6 o'clock, this evening.

Notice—There will be no meeting of Obidient Council No. 160, D. of A., this Tuesday evening, October 29th. Those wishing to pay dues, see financial secretary.

For Sale—Clean old newspapers—three pounds for five cents at this office. tf

Mr. and Mrs. Clarence Peterson entertained at the beautiful country home Sunday, their guests being Miss Doris Kirk of Wilmington; Miss Alma Turner of Xenia; George Peterson of Camp Sherman and Charles Peterson of Wilmington.—Wilmington News.

R. W. Irwin, local agent for the Ohio Fuel Supply Company, was called to Huntington, W. Va., Sunday, by a telegram announcing that his brother-in-law, Mr. Toney, had died of pneumonia. Mrs. Toney is a sister of the late Mrs. Irwin, and is known to a number of Xenians.

Otto Hornick of East Third street, is able to be out of the house, after a very severe attack of pneumonia.

### TEDDY ATTACKS THE PRESIDENT

New York, Oct. 29.—Colonel Roosevelt's attack on President Wilson was the principal topic under discussion in the congressional campaign here today.

Introducing him to the great crowd in Carnegie Hall, as "Our next president," Roosevelt spoke for nearly two hours in answer to Wilson's appeal for support for the Democratic candidates.

Such an outcome of the election, he declared, would assure "our allies that America is determined to speed up the war and insist on unconditional surrender" of the enemy, and would serve notice on Germany "and her vassal states" that they would have to deal henceforth "with the resolute and straightforward soul of the American people and not merely with the obscure purposes and wavering will of Mr. Wilson."

Declaring that "half the leaders of the president's own party opposed him, when he had committed himself to war measures," Mr. Roosevelt asserted that heads of the Republican organization in congress supported the administration when a declaration of war was needed, when there was a demand for the draft, when the army was sent overseas, and when money was required by taxation or by loans.

### ONLY EIGHT NEW CASES OF 'FLU' IN XENIA MONDAY

There were only eight new cases of influenza in Xenia reported by Dr. R. H. Grube by physicians Monday evening, when he made his daily canvass of the situation for the State Department of Health.

The health officer says that the epidemic is virtually over in Xenia. The number of deaths from pneumonia reported to the health officer for October in Xenia city and Xenia township has so far been 15.

Of this number, nine were in the township. There have been only six deaths from pneumonia in Xenia, three white and three colored people having succumbed to the malady.

### CEDARVILLE

Mr. Hugh Murdoch and family left Thursday for their new home in Mississippi.

Rev. A. G. Hastings and family went to Reynoldsburg Saturday, where Rev. Hastings has been called to the United Presbyterian church.

Rev. J. S. E. McMichael and family are spending a few days with Mrs. McMichael's parents, J. Mason Prugh and wife of Dayton.

Dr. Leo Anderson and family are all suffering with the influenza.

Mr. and Mrs. Jesse Townsley entertained a few friends at dinner Saturday.

Dr. W. R. McChesney, wife and daughter, and Messrs. Robert Coleman and Herald Hammond spent several days last week at the home of Mr. and Mrs. Geo. H. Creswell.

Miss Helen Creswell was the weekend guest of South Charleston friends.

Miss Mary Chestnut who teaches at Indiana Harbor, Ind., came home Friday morning and will remain until her school reopens.

Where Better Furniture Costs No More

J.A. Beatty & Son

### MRS. W. H. LOTT DIES AT HOME OF HER SISTER

Mrs. W. H. Lott of Selma, died Tuesday morning at 2 o'clock, at the home of her sister, Mrs. W. O. Maddux, near Cedarville. Mrs. Lott had been in failing health for many months of a complication of ailments. She made a brave fight for life, as she hoped to live to see the return of her son who is at the front in France.

She was married to the late W. H. Lott of Selma in 1890 and before marriage was Miss Elizabeth Cramton, daughter of the late H. B. and Mary Cramton of Selma.

She was a teacher in Clark and Greene counties for thirteen years.

Mrs. Lott leaves four sons, Frank, in France; Fred, teacher in the High School at Seaman, Ohio; Cramton Lott of Xenia; Harry, at home.

Mrs. H. C. Mairs of Jamestown, Mrs. W. O. Maddux and Miss Anna Cramton of Xenia are sisters.

Funeral at 1 o'clock, Thursday, at the home of W. O. Maddux. Burial at Selma.

OVER-SUBSCRIBED  
MANY MILLIONS

Washington, October 29.—Indications here today were that the total of the fourth Liberty Loan would reach \$6,500,000,000, an over-subscription of \$500,000,000.

NOTHING NEW TO REPORT.  
London, Oct. 29.—"Apart from artillery activity and patrol encounters on different parts of the front, there is nothing special to report. Field Marshal Haig announced today.

### DYING, LAST THOUGHT IS OF HIS FAMILY

A slender Michigan lad of not more than twenty emerged from an ambulance which drew up at a dressing station. It had just brought him back from the field dressing station at Juvigny.

"What you got?" asked one of the crowd of orderlies and stretcher-bearers, standing there.

"Machine gun—in the chest," replied the youth.

He was led inside and placed on a stretcher on the earth floor. A surgeon came along and looked at him. He shook his head. The Michigan boy was becoming weak very rapidly, and his face was turning the gray leaden color which always precedes death.

"I want to write a letter," he told the doctor. "Got any paper and an envelope?"

The stationery and a pencil were given to him. He scrawled off a short note to his mother, his movements in writing becoming weaker and weaker. When it came to addressing the envelope his strength failed. He could not do it.

An orderly was standing near by. He volunteered to address the envelope according to the mortally wounded lad's directions. The letter was addressed and sealed, and the wounded man tried to grope for his wallet to find a stamp.

"That's all right, Buddy; I'll stamp it for you," said the orderly.

"And, say; have it censored for me and mailed, will you?" asked the Michigan boy. Then he keeled over.

They buried him in the little graveyard which grows beside every dressing station and hospital in the war zone. The officer who read and censored the letter said that there was not a word in it about war; that it was all about the health of the boy's mother, his father, his brothers and his sisters—and his sweetheart.

### JACKIES GOOD SPENDERS

Men of American Navy Are Popular in Great Britain.

The American sailor's wages are equal to those of a sub-lieutenant in the British navy. He is loved in proportion, being a man of great wealth and liberality in any port of the United Kingdom.

Jackie travels first class in the railways, while his cousin travels third; Jackie spends with a fine disregard of everything but results, while the British sailor is a careful and thrifty bargainer.

### The Ohio War Board Says today

Of permanent, patriotic importance is the accurate and interesting detailed history of all matters pertaining to the present war being collected and preserved by the Historical Commission of Ohio.

This commission is endeavoring to make a complete collection of documents and materials which will disclose the work of the civilian war agencies in Ohio, as well as the exploits of Ohio men and women in service abroad.

Soldiers' letters and diaries and records of the civilian war services rendered by the people in the various communities in the state are desired by the commission.

Also photographs, moving pictures, posters, cartoons and relics. In other words, it is attempting to preserve everything that may help to show what the men, women and children of the state have been doing, and thinking with reference to the war as a result of the war.

This collection will be invaluable to future generations. If you have anything send it to the Historical Commission of Ohio, Fifth and High street, Columbus, O.

"Colonel" Is a Column Leader.

The Spanish for colonel is coronel, the Italian colonello. The standards originated the word 400 years ago and seem to have made it by combining the sense of the Latin columna, a column, with that of corona, a crown. We follow the French spelling, but in pronouncing we retain the Spanish "r," hence "kernel," as we say it. Literally it means the leader of a column or of the company at the head of the regiment in column.

### PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils; let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

FILES! FILES! FILES!

WILLIAMS' PILE OINTMENT

For Blind, Bleeding and Itching Piles. For sale by all druggists, mail 50c and \$1.00. WILLIAMS' PILE CO., Props., Cleveland, Ohio. For Sale by D. D. JONES.

No matter what kind of Music you like you can find it in this assortment.

See our window display and come in and hear them played.

D. D. JONES, Druggist  
48 East Main St., Xenia, Ohio

"There is one remedy I always keep in the house, and that is Dr. Caldwell's Syrup Pepsin. It helps my digestion wonderfully and as a laxative it is pleasant and dependable." (From a letter to Dr. Caldwell written by Mr. J. N. Kidd, Bells, Texas.)

From youth to age the greatest menace to health is constipation, which retards digestion and disturbs the entire organic system. To relieve constipation a mild laxative, such as Dr. Caldwell's Syrup Pepsin, is preferable to drastic cathartics and purgatives, the violence of which shock the system unduly.

DR. CALDWELL'S Syrup Pepsin

The Perfect Laxative

Sold by Druggists Everywhere

50 cts. (Trade) \$1.00

A TRIAL BOTTLE CAN BE OBTAINED, FREE OF CHARGE, BY WRITING TO DR. W. B. CALDWELL, 459 WASHINGTON STREET, MONTICELLO, ILLINOIS

## APPEAL IS SENT OUT OVER NATION FOR MORE NURSES

Refusal of the more populous cities and towns to allow their nurses to go outside their own communities to nurse influenza cases has created a serious problem for the Red Cross Department of nursing. It was stated Saturday by James L. Fieser, chairman of the Lake Division Red Cross Committee on Influenza.

"The need for nurses in smaller communities, particularly in the mining regions of Kentucky and Ohio, is nothing short of desperate," Mr. Fieser said.

"The public, although alarmed over the influenza situation, apparently has not fully appreciated that the epidemic has reached the proportions of a national disaster and that added nursing resources will go a long way toward keeping down the death rolls."

Mr. Fieser also pointed out that a deplorable lack of nurses in the coal mining regions is causing the Fuel Administration a great deal of alarm as a number of mines are seriously crippled due to a large number of influenza cases and subsequent pneumonia deaths.

"The more populous communities which depend on the mining population for their coal, should see the immediate necessity of giving up a few nurses to help the miners," says Mr. Fieser. "We should help the nurses and their employers to realize that influenza work is a real war service."

Nurses, male and female, as well as graduates, should report at once to their local Red Cross chapter, and should not leave their respective communities unless authorized to do so. The Division Committee on Influenza asks the public:

1. To put automobiles at the service of the Red Cross in order that they can minister to a larger number of cases.
2. To give nurses all the help they can and to leave to them only the direction of caring for influenza.
3. To refuse to permit one patient or even several to absorb all the time of a skilled nurse.
4. To make full use of all strong women who have had even the briefest nursing course or experience.

## DOES NEWSPAPER ADVERTISING PAY?

The Vick Chemical Co. manufacturers of Vick's VapoRub are convinced it does.

When the influenza epidemic hit the country they immediately increased their regular advertising space in all newspapers. They had enough stock to last until January 1st, allowing for a 50 per cent. increase, over last year's sales, and not counting their daily output. Their orders for the first five days after their special advertising started, were—

Monday, October 14, \$21,152.  
Tuesday, October 15, \$30,441.  
Wednesday, October 16, \$44,411.  
Thursday, October 17, \$60,846.  
Friday, October 18, \$104,081.

Up to the time this report was given out they had shipped \$400,284 worth of goods. Four times their usual October business.

Twenty-four of their office employees are in the Service, and they have called in their salesmen to take their places. They are asking both wholesale and retail dealers to make their sales as small as possible, so as to make the stock reach as many people as possible.

Advertising does pay if you can back it up with the goods.

Don't Be a Quitter.  
Advertisement—"Married man, thirty-three years old, desires a change. Not an uncommon desire, though few are so bold as to advertise it.—Boston Evening Transcript.

# Mail Subscribers

Look at the date opposite your name and if it reads "Nov. 18," your paper will have to be stopped on the first, as this indicates the expiration date is Nov. 1, 1918, and the Government will not permit us to send any paper not paid to some date in advance.

## IN TIME OF NEED

By SAIDEE E. BALCOM.

(Copyright, 1918, Western Newspaper Union.)

"Swiftness is the essence of the present task, Miss Peyton," spoke Vance Drury, traveler, explorer and lecturer.

"They tell me I can take dictation very rapidly," replied the young lady stenographer modestly, but with conviction.

"Then you will exactly suit me. It is a peculiar case. I have just returned from the far South Pacific. I have reason to believe I have discovered a new land and a new people. I have had a rival, and an unworthy one, Axel Morgan, a man not at all averse to stealing my thunder, and, as I have reason to believe, in possession of copies of my memoranda of the first six months of my trip. Be that as it may, I am here safe in New York ahead of him. To prevent the possibility of his coming on the scene to anticipate the publication of my book, I wish to rush it to press forthwith."

"I understand," nodded Miss Peyton. She was glad of the work, for which she had been engaged at very good pay. She was the daughter of an editor and writer and recognized in Vance Drury a man of superior mental mold. Besides that, his daring, adventurous spirit captivated her. There was a charm in his recital of the scenes he had witnessed, the work was unique, and for a week from eight until noon and from one to six, Nina sat in the little office, transcribing the notes made by the explorer during his year's visit to the Antarctic circle.

Some of his descriptions of icy wonders, of great solitudes, of sun and moon pictures no one but an actual observer could describe. Vance jotted down these verbal descriptions, recognizing in them the finest part of his work.

"You see, I want to group all my ideas into a half-coherent form. I've sent for a very dear friend, Carl Whitley, the story writer. I want him to beat the mass into shape and give it the literary flavor, the coloring, the snap and go."

Carl Whitley appeared on the scene. From the first Nina disliked him. He assumed great airs of literary superiority because he had made a bit in the

world of letters with one or two trivial books. At once Nina realized that he was indolent, fairly written out, and inclined to rest on the generosity of Drury in giving the finishing touches to the book, the latter proposed to issue.

It was two days after Nina had completed her work and was transcribing the great mass of data to typewritten form, when she was telephoned for by Drury. She was somewhat startled and alarmed to learn that he was at a private hospital. She found him under charge of a physician.

"Miss Peyton," said Drury, "there may be no cause for alarm, but I have reason to believe that I am going to have a relapse into the sleeping fever of which I had an attack just before returning to this country. If this is true, I shall be utterly incapacitated, mentally and physically, for at least two months. I have sent for you to urge Whitley to get at work on the book at once. It would break my heart to have Axel Morgan appear on the scene while I am helpless and flinch my honestly-earned laurels. You will urge on Whitley and my publisher and push forward the work at once, I hope."

Nina promised him, pleased and honored with the confidence he reposed in her. She met a decided obstacle at the outset. Carl Whitley developed in his true colors an incompetent, a procrastinator. She soon realized that no dependence whatever could be placed upon him.

With this hoped-for co-operation failing, and Vance Drury lying in a wasting fever, all the initiative and energy in the young woman became aroused. She was urged on by reading a dispatch stating that Axel Morgan had arrived at a Spanish port, en route for the United States. Nina sat reflecting seriously all one evening. The next she spent with the prospective publisher of the book. Then—work, oh, such work. Day and night she devoted heart, soul and mind to the task she had set for herself. Carl Whitley she utterly disdained. He was a broken reed, a pretense.

A great triumph was in her eyes, wearied and worn as they were from overwork, as she went to the hospital one day. "You can see Mr. Drury," spoke the physician. "He is past the crisis of his sickness, though weak." Nina approached the cot. Across it lay a newspaper and she noted that its first column referred to the arrival in the city of the explorer, Axel Morgan. The downcast expression on the face of Drury told how depressingly the announcement affected him.

"Mr. Drury," she spoke softly. "Ah, you!" and his eyes brightened and both hands were extended. "I hear that Whitley has utterly failed you. What—what is this?"

It was the first volume from the press of "the great book," and as she placed it in his hands she tottered and fell senseless across the cot. The strain had been too much, but oh, the reaction, when, an hour later, she entered into the joyous delight of the grateful man to whom her noble efforts had given new life, courage and ambition.

And later, sharing his fame, as she had his labor, those two walked down the lane of life together one in heart, soul and fortune.

## WORRIED ABOUT INDIANS

Complaint of an Automobilist Who Was Contemplating Tour.

Many are the questions that come to the touring bureau of the California State Automobile association, and some of them are passing strange. Like, for instance, one that was received a few days ago from an eastern city. The writer was contemplating a cross-country tour and, after asking many questions about the various routes and the condition of the highways, concluded with the question:

"Is there any danger of encountering Indians en route?"

Matt P. Barnes, the secretary, wrote the very best letter he could, in reply, and assured the gentleman that he would be more secure from harm on the western plains and mountain passes today than on some of the streets of New York or Chicago.

## COURT NEWS

Alleging cruelty, and gross neglect of duty, Mary Scott has sued for divorce from King W. Scott, to whom she was married March 14, 1916. She avers that ever since their marriage she has been obliged to labor to support herself, while the defendant squanders his money. She asks for alimony and that the defendant be enjoined from disposing of property he owns in Xenia.

By the will of George Kingsbury, which has been probated, his estate is left to his widow, Sarah Kingsbury. The estate is valued at \$3,200 realty and \$300 personalty. The will was executed December 7, 1898, and the witnesses were the late Magistrate Abner S. Buck, and Lester Arnold. R. S. Kingsbury was appointed administrator with the will annexed.

It was necessary to secure requisition papers from Governor Cox, and to have them honored by Governor Goodrich of Indiana, before Grover Harding, colored, wanted by the probate court for non support of his three minor children, could be brought here to answer to the charge.

Probation Officer J. E. Watts went to Indianapolis after Harding who was under arrest in that city. Harding's attorney started habeas corpus proceedings, but finally decided to drop them, and he accompanied Harding and the officer to Xenia Monday. Probate Judge J. C. Marshall sentenced Harding to the work house, but suspended the sentence upon his paying the entire costs, including the expenses of the officer, and those of securing the requisition papers, and upon his agreement to pay \$6 a week for the support of his children. He furnished \$500 bond to carry out the court's orders.

Seven of the condemnation suits brought by the Miami Conservancy Board against property owners in Bath township, have been assigned for trial in Common Pleas Court by Judge C. H. Kyle. The assignments are as follows: Conservancy Board vs. Trellinger, November 11; Conservancy Board vs. Kauffman, November 13; Conservancy Board vs. Hower, November 15; Conservancy Board vs. Wuchet and J. K. Smith, November 18; Conservancy Board vs. Murphy, November 20; Conservancy Board vs. Stevenson and F. M. Snyder, November 22; Conservancy Board vs. Shellebarger and Troutman, November 25.

## BAD COLD? HEADACHY AND NOSE STUFFED

"Pape's Cold Compound" ends colds and Grippe in a few hours.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all aches, misery goes and your cold will be broken. It promptly opens congested nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, suffering, sore nose and stiffness.

Don't stay stuffed up! Quit blowing and snuffling. Ease your throbbing nose! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

## Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well, what a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

## IMPROVEMENT ON CREEK CHANNEL STOPPED DURING WAR

Construction of the improvement to the outlet of Gray's Run into Beavercreek channel, has been stopped for the period of the war, by the Ohio Branch of the Non-War Construction Board.

The County Commissioners had let the contract for the work to J. W. Roberts. The matter of proceeding with the work was referred to the Greene county branch of the Non-War Construction Board, which in turn referred it to the state branch.

The improvement was ordered by the Appellate court, following considerable litigation.

## TREBEINS

Mr. C. C. Coy has been very ill of the influenza.

Mr. Dan Coy, of Osborn, visited his father, Mr. C. C. Coy, on Sunday.

Mr. and Mrs. Wilbur Durnbaugh are rejoicing over a little son, which was born last Thursday. The little one has been named John Pershing.

Mr. Lewis Trubee fell while working in the elevator last week and broke a rib.

Mr. Lewis Trubee has received word of the death of a nephew, Mr. Elmer Trubee, of Clinton.

Mrs. Lizzie Hill, of Dayton, visited her father, Mr. Wm. Miller, on Sunday.

Mr. Frank Pickering and daughter, Hazel, of Piqua, visited Mr. and Mrs. George Wolfe, and family.

Mrs. Lafayette Shaw and son have been visiting Mrs. Shaw's mother, Mrs. George Strausburg, of the Hawkins road.

**Palm Sugar Production.**  
The total palm sugar production of India is stated in an authoritative publication to be about 3,000,000 tons, of which Bengal produces roughly 100,000 tons, worth \$2,400,000. India's total production of sugar, both from cane and palms, is somewhere about 3,600,000 tons a year.

**THE XENIA FERTILIZER COMPANY.**  
Pays the highest prices for Dead Stock.  
**BOTH PHONES 454**  
**XENIA FERTILIZER CO.**  
Not connected with any Fertilizer Firm.  
The only Reduction Plant in Greene County.

## Do This Each Morning, You Won't Need Cascarets

Great exercise! Keeps Stomach, Liver and Bowels active. Nothing like it! Splendid!

But if you insist upon taking your exercise in an easy chair you simply must take a laxative occasionally. The very, very best laxative is Cascarets—10 cents a box. "They work while you sleep."

Nothing else works the bile, sour fermentations and poison from the liver and bowels like harmless Cascarets. When Headachy, Bilious, Constipated or if Breath is Tainted, Complexion Sallow, Stomach Sour, just take a Cascarets at night. Wake up next morning looking rosy and feeling fine. Cascarets never gripe or sicken. Cause no inconvenience!

## A New Black Kid Dress Boot

Just like cut except the heel which is a straight military heel.

Made of the finest black kid, 9 inches high, long vamp, turn sole and plain toe. A real dress shoe in all sizes AAA to E.

**\$9.00**  
THE PAIR.

## Frazer's Shoe Store

"Shoes of the Better Sort."

## Bought That Stove Yet?

Stoves are going to be scarce this year. The government needs all the iron ore available for munitions and ships.

See that you don't freeze this winter by ordering your stove now—while we have them in stock. It's a hard job to get stoves and we consider ourselves fortunate in being able to obtain all that we now show.

You, too, will be fortunate if you put one of them in your home. They're coal savers and wonderful heaters.

Come and pick your stove out today—don't delay.

### UP AND AT THEM, REPUBLICANS.

Next to men's religion very many of them hold sacred their political opinions in a free country like the United States. Why not? They are the government. They make the laws, and of course must understand the principles best calculated to bring the best results or conditions for the greatest number of people.

Government is a contrivance of human wisdom to provide for human wants, and in a land of freedom like ours where the people are the government, how important that there should be unrestricted privilege for every man to have his own say, free from the influence of any domineering power of any kind.

The glory of a republican government is that it has educated a race of men that are men, not second fiddles to anybody.

This is why millions of voters in this country resent with indignation the attempt of President Wilson to influence them to vote for his party, by claiming that it is more loyal than the republican party. It was unbecoming in him to make this charge, when the facts are that the Republican members of congress have stood up for all war measures far better than the Democratic members, as the records prove.

It is not popular for any ruler to be like Tarquin the Proud, of Rome, who when asked the best mode of governing, replied by beating down with his staff all the poppies in his garden. "A much more approved plan of government is that of the people, for the people," dictated by no one.

All overmuch governing kills the energy of the governed. Other things being equal that is the best government which most liberally lets its citizens alone. In other words a dictator is always unpopular.

Our Declaration of Independence is based on the fact that to secure peoples rights governments are instituted among men to derive their just powers from the consent of the governed. Government is not advice or dictation by the Governor. Freedom of will is the province of a free man. No man is free who is not master of himself.

It is a libel on the Republican party to impugn its loyalty. During our civil war, millions of southern democrats had the nation by its throat trying to strangle it, while thousands of northern democrats were abetting them as Knights of the Golden Circle and Copperheads. This is history, and President Wilson knows it, and being a Southerner should not have the effrontery to plead the "cause of the nation" in vilifying a great party as disloyal, for political ends.

His having done so, should make every Republican the more determined to vote his own sentiments straight—as a rebuke—in effect to say we want no kaiserism in this country.

### HONOR COUNTIES TO GET ENGRAVED BRONZE TABLETS

To every Ohio county exceeding its 1918 quota of War Savings Stamps, the Ohio War Savings Committee will present an engraved bronze tablet carrying this caption:

In Recognition of the Patriotism of the People of (Blank) County

Who Oversubscribed Their War Savings Quota in 1918

This Tablet is Gratefully Erected by the Ohio War Savings Committee.

This tablet will be given prominent position in the courthouses of those counties reaching and passing their quota of War Savings Stamps this year. It will be a permanent memorial to the patriotism and sound business judgment of the people of each county.

Already 24 Ohio counties have merited the bronze tablet. These counties have exceeded the allotment of War Savings Stamps given by the United States Treasury Department. Thirty other counties are in a position to reach the goal within the next few weeks.

Special appeal has been issued by the Ohio War Savings Committee for those counties lagging in sales to increase activity and boost the War Savings Stamp sales record. In the communities there is being conducted a "Shall This County Fail," campaign.

### CHASE THE DOG!

Four years ago a great stream began pouring from Germany into Belgium and France—the German Army. So splendid were its accoutrements, training and numbers, that the world stood petrified—it was so vast! Days on end it passed through town and village, a mighty unit of war, the result of years devoted to the development of one idea.

Four years ago it started, and for four years it has held its stolen ground in a welter of blood that has horrified the civilized world. Now that same army, the proud, the disciplined, the "invincible," is running for home like a dog with a tin can tied to its tail. A pleasing picture; one that tickles the imagination, and fills the heart with a desire to be there and see and cheer.

But no joy of hope fulfilled should blind this country to its danger. Even a big dog will run when he is scared; but should pursue slacken, he stops and vents his humiliation and rage in savage attack. He must be beaten clear to his kennel, and chained there till time and training have rendered him harmless.

The chase is on. To make it successful, brave men are dying by the thousand. Shall we fail them now? The man who does not do his utmost is the traitor who betrays his country and flings it "to the dogs."

We have done our duty as buyers of government bonds, but are still far behind in the purchase of War Saving Stamps. Only a little more than two months remain in which to purchase our quota and again put us "over the top," just as our boys are going "over the top" every day in France and Belgium.

### AN APPEAL THAT SHOCKS BUT DOES NOT CONVINCE

The Cleveland News treats the unusual appeal of President Wilson to elect a Democratic congress as follows:

His assumption that members of his party would support the war measures of his administration more loyally than members of the Republican party calls for proof which he fails to furnish. But, as we have said before, a community still misrepresented in Congress by Democrats Gordon and Cresser needs no reminder that:

Democrat Dent refused to handle the administration's selective service measure.

Democrat Champ Clark left the speaker's rostrum to deliver a bitter speech against it.

Democrat Underwood hissed "I hope it will not pass," almost in the president's face when the latter asked for equal suffrage as a measure of war.

Democrat Reed fought the administration's food conservation program most venomously.

Democrat Kitchin was principally responsible for the failure to pass the \$8,000,000,000 war revenue measures before election, as asked by Mr. Wilson as a "stark and naked" duty which "we dare not go to the elections" leaving unperformed.

Mr. Wilson excuses his confessed violation of custom and what has been considered propriety in ordinary times by saying that "in these critical days" he deems it necessary to ask the election of Democrats, "not for my own sake or the sake of a political party, but for the nation itself" as an evidence of national unity in the war. He knows as well as anyone that the congressmen to be elected next month will not take their seats in any event until next March, will not assemble in regular session until December of 1919, and will serve in any case until March 4, 1921.

The president does not suggest it, but voters are free to consider, between now and November 5, whether they wish the republic administered with the Republican wisdom which has produced prosperity so phenomenal in past periods of peace, or whether they wish the nation's future entrusted to the same Democratic statesmanship of the Kitchen-Underwood-Dent-Clark-Bryan school, which brought forth the seven houses and bread lines of President Wilson's second year in office, before the munition trade solved the unemployment problem and war contracts raised wages from the depths to a height not to be expected after the return of peace.

#### Describing Him.

"That fellow is such a fool," commented the great Missourian, "that I reckon I'd like to hold him by the ankles and tote him around with his head hanging down like a chicken."—Kansas City Star.

Have you a bottle in your house? Pleasant to take and children like it. Results guaranteed.

## "THE WIFE"

BY JANE PHELPS

RUTH RETURNS. BRIAN MEETS HER AT THE STATION.

CHAPTER LXXIV.

Ruth was to be away still three more days. Brian had spent every evening, save the first one, with Mollie King—seven in all. He had been very contented, although sometimes when he reached home late he would feel just a bit conscience-stricken. Then he would mumble: "She's having a good time staying at expensive hotels, why should I stick around this stuffy flat alone?" That the flat was anything but stuffy, he knew, also that both the Roberts' and the Curtis' would be delighted to see him, or to have him come in and play cards.

The idea of learning to do his own typing under Mollie's tutelage, appealed to him. So, for the next three evenings, he appeared at the little studio with several parcels under his arm.

"I'll bring in the grub and we'll cook it together," he had said when Mollie asked what he had. "We'll have more time than if we go out." So in the intimacy of a kitchenette and a two-burner gas stove, Mollie cooked beefsteak or chops, and made coffee, while Brian fixed the salad and old Rachel wondered where "Mars's" Brian don't eat his dinners when Missy Ruth was away.

Mollie was, as she had said, a good typist. She insisted that Brian learn the latest method, although with his usual indolence he said that "any old way would do, so long as he could write his letters."

"Indeed it won't! what kind of a teacher would I be to let you have your own way like that?" So, their heads close together, they spent the evenings over the machine. That is, they worked until ten o'clock. Then Brian would insist upon stopping, and they would talk or go to some neighboring cafe for a bite of supper, and gossip with the villagers for an hour or two.

"I won't be down to-morrow night," Brian said, the night before Ruth was expected.

"I shall miss you," Mollie answered. Knowing Ruth was coming, she said no more.

"I'll come the next night—for my lesson."

"I understand," Mollie said to herself, after the door had closed. "He can come for his lesson, then must get back or she'll find fault." Had she known that Ruth scarcely ever objected to anything Brian did, Mollie would have been surprised. She supposed he lived in an atmosphere of almost constant nagging. And that was the reason he sought her companionship.

That night, as he prepared for bed, Brian said:

"No one can find fault if I am with Mollie because it is necessary," and "I hope Rachel won't tell Ruth I was out every night. I guess I better tell her myself. I'll tell her I am learning typewriting, and it was too far to come way up here when she was away. She has no business to leave me alone, anyway," ending by throwing the onus of his defection upon Ruth, as usual.

And she, in the cheerless hotel room, was counting the hours, almost the minutes, when she would be with Brian. She had determined to ask Mr. Mandel not to require her to stay away so long again. This time it had been unavoidable. But she was so lonely for Brian, and so afraid he would be unhappy.

"I do hope Rachel has cooked nice things for him," she had said to herself every day she had been away. She had written daily a short account of her work, and how lonely she was without him. He had also written often, but his notes told her nothing. He had not mentioned Mollie King, neither had he told of how his evenings were spent. Ruth consequently took it for granted that part of them at least had been spent at home.

Her work had gone very satisfactorily. It had been an expensive job, and she couldn't fail to be pleased at the result. She had wired Brian that she would reach New York at five-thirty. He had told Rachel they would be at home to dinner, then had ordered some flowers.

"She likes them," he had muttered, knowing he was saving his own conscience rather than catering to her love for the flowers.

He had gone to meet her. The train was a little late, but Ruth, almost the

first one off, had spied him at once, and with a glad little cry had run to him.

"Oh, Brian!" she had said, snuggling to his side, "how good it is to be home again. To be with you."

"It's time you came back," he said as he kissed her again. "I had almost forgotten I had a wife."

Ruth looked sharply at him. Could he be speaking the truth? But no! he was gazing at her with pride. Could she have seen herself, she would not have wondered. She had taken especial pains with her toilet and looked very chic and young. Her eyes were bright with love-light. Her face full of animation. Any man would be proud of her.

"I shan't let you forget again. I'm going to ask the firm to keep me in New York after this,—as much as possible. I can't bear to be away from you so long again."

To-morrow—Brian tells Ruth He Is Going To Learn Typewriting.

## Everyday Etiquette

"Is it necessary to provide any sort of an entertainment when one wishes to give a luncheon, and what is the proper hour to serve a luncheon?" enquired Rose.

"It is not necessary, to provide special entertainment when giving a luncheon, for the guests will not arrive until just before the hour set and will not remain more than an hour after. One o'clock or half after is the hour usually set," instructed her sister.

## 20 YEARS AGO

Many a driver who keeps the interior of his car spotless, neglects his motor. Realizing this the motor manufacturers are now enclosing the engines as much as possible so that the working parts may be protected from dirt and dust. But every driver does not possess such a car and no motor can be entirely dust proof.

Take the old axe out to chop some wood and save coal. Every lick is a blow at the kaiser, and the exercise will do you good.

## GIRLS, GIRLS, TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair stops falling out and gets thick, wavy, strong and beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's, after a "Danderine" hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Danderine from any druggist or toilet counter for a few cents.

## WHAT THE LATEST WAR MOVES MEAN

New York, October 29.—The kaiser's effort to rouse the distracted German people to a defense of the fatherland has been craftily planted in the German government's latest note to President Wilson.

The kaiser knows that any armistice conditions proposed by America and the allies will be drastic. They will include the occupation of German cities, and probably the surrender of the German submarine fleet, as well as such other measures as will make it impossible for Germany to renew the war.

These terms ought to be and they will be, deeply humiliating to the German people.

The kaiser has a forlorn hope that when the allies make known their armistice demands, Germany will rather continue the war than submit. So at the end of his tether, he asks to know the worst, trusting, in his way, that he may be able to turn the allies' terms to his own interest.

This childish trap is no reason for democracy to avoid the test. The only way to win the war is to make the enemy accept your will. You must issue your commands to him, in words that are final. If your words cause the enemy to fight on, that only means the preliminaries necessary for unconditional surrender have not yet been reached.

The sooner, therefore, the democratic nations accept the kaiser's final challenge and state publicly these conditions of an armistice, the quicker will it become known whether the war is to end now on America's terms, or whether it must be continued.

In playing an artful role to that end, the kaiser has overreached himself. The dominant necessity for America and the allies is to know definitely whether the war is ending in complete victory or whether it must be conditional.

The present uncertainty is distracting and highly disadvantageous to the allied cause. It can be ended by an abrupt statement of Marshal Foch's demands for an armistice. If the kaiser can use these demands to prolong Germany's resistance, the war must go on. If he cannot, the war will soon end in Germany's unconditional surrender.

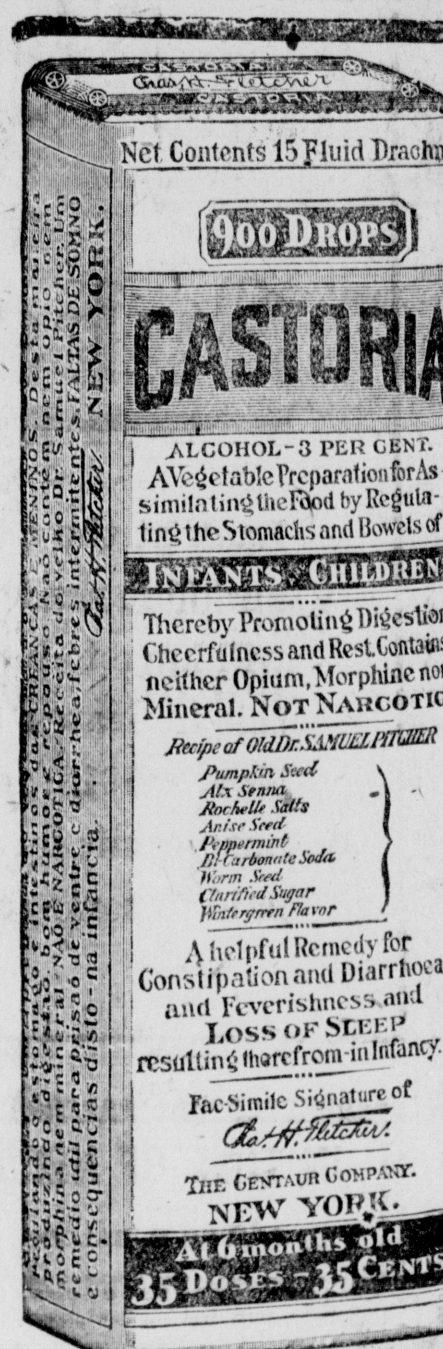

In any event, there will be no more talking things over with the kaiser. We shall know exactly what has to be done to win on America's terms, and shall waste no more of our energy in words.

#### For Toothache.

For toothache heat two tablespoonfuls of vinegar, put absorbent cotton in it and apply to gum at base of tooth.

#### Coughed So He Couldn't Sleep.

Bronchial coughs, tickling in throat and asthmatic spasms break one's rest and weaken one so that the system is run down and serious sickness may result. Enos Halbert, Paoli, Ind., writes: "I had a severe cold and coughed continually at night; could hardly sleep. Foley's Honey and Tar cured my cough." Sayre & Hemphill. adv

## Acid-Stomach Destroys Health, Vitality and Strength

Clean out the excess acid from your stomach—it creates poisons that drag you down, rob you of physical power and vitality, make you sickly, weak and unfit.

It's just excess acid—superacidity—that's ailing you. Learn what it must mean to have in your stomach excess acidity so powerfully destructive as to be able to create almost any ailment. For years dentists have been telling you that it's acid that eats off the hard enamel of the teeth and decays them. Think, then, of how much easier it must be for an excess amount of acid to play havoc with the delicate organization of the stomach. Just imagine how one must feel—how weak, unfit, tired, run down and sickly—when acid-stomach gains control. Also, what small chance one has of the recovery of robust health, happiness or success, if this acid is permitted to remain, creating greater and ever greater troubles on your health and strength day after day.

You must remove the excess acid if you want perfect health and strength.

Health that knows no aches or pains anywhere, that gives life a new zest and makes it really worth while. What unspeakable joy it is to have health like that! How you live every minute of the day! How soundly you sleep at night and how refreshed you feel in the morning! How keenly you relish your meals with that enthusiasm and bounding energy you plunge into the day's work whether it calls for muscular activity or mental keenness—or both!

That is the kind of health we all want and should have. It is your heritage. So don't let an acid-stomach deprive you of your health. Don't let it hold you back. Take the superacidity—acid-stomach—out of your system and back comes health, strength, vitality. Why? Because, by getting rid of the excess acid, you will be able to get the full strength out of the food you eat.

Some people think an acid-stomach merely causes indigestion, dyspepsia, bloating, heartburn, etc. That is a grave mistake. You simply have no idea of the long train of physical ills and awful human suffering that are directly traceable to acid-stomach. Rheumatism, Gout, Sciatica, Cirrhosis of the Liver, Billions, Anemia, Auto-intoxication, Intestinal Congestion, Severe Headache, Insomnia, Nervousness, Mental Depression, Bile Colic, Dizziness, Heart Trouble, yes, even Catarrh, Ulcer and Cancer of the Stomach—all of these disorders can find their original source in that one condition—acid-stomach—superacidity.

So often you have heard the remark: "I've taken all sorts of tonics and medicines and tried many different doctors but nothing seems to help me." About nine times out of ten people making such a remark suffer from acid-stomach. Remove that excess acid and the results are truly wonderful. Health and strength return almost like magic.

You can now rid your stomach of its excess acid with a wonderful modern remedy called EATONIC which readily wipes it out. It does the work easily, speedily and thoroughly. It makes the stomach pure, sweet, cool and comfortable. It helps you get full strength out of every mouthful of food you eat; and unless you DO get full strength from your food you cannot enjoy robust, vigorous health.

Try EATONIC and see how quickly it banishes the immediate effects of acid-stomach—bloating, heartburn, belching, food-repeating, indigestion, etc. See too, how quickly your general health improves—how much more relish you take in eating—how much more easily your food is digested—how soundly you sleep—how nervousness and irritability disappear.

It is so easy to get this help—and it costs so little. So why suffer another hour when sure, quick relief is at hand? Everywhere people who have used EATONIC testify to its power to bring quick relief. The testimonials of some of these people are so enthusiastic and tell of such remarkable results as to be almost unbelievable.

If you are one of those who have "tried everything," but in spite of it are still lacking in physical strength and vigor, begin at once to take EATONIC. Don't put it off. Get back your physical and mental power. Have the power and energy to work with vim. Enjoy the good things of life. Learn what it means to fairly bubble over with health. Like thousands of others, you will say that you never dreamed it possible that such a wonderful change for the better could be brought about so quickly.

So get a big box of EATONIC from your druggist today. We authorize him to guarantee EATONIC to please you and you can trust your druggist to make this guarantee good. If it fails in any way, take it back—he will refund your money. If your druggist does not keep EATONIC write to us and we will send you a big 36c box. You can send us the 50c after you receive it. Address H. L. Kramer, President, Eatonic Remedy Company, Cor. Wabash Ave. and 11th St., Chicago, Ill.

## SENATOR HARDING COMMENTS ON THE PRESIDENT'S APPEAL

Senator Harding discussing President Wilson's partisan appeal to the country, says:

"Nobody questions the president's right to be the most partisan president in the history of the nation. He kept us out of war in 1916, for partisan advantage, and imperiled the country by neglect of urgent preparation, when he was officially advised and absolutely knew we could not escape involvement.

"We would be willing to forget that partisanship now if he had not attempted to save his party by this latest patriotic call for partisan support.

"We know now, from written appeals, spoken word and official acts, that President Wilson never fails to further his party's hold on power. Consistency never hinders him in seeking partisan advantage. He has endorsed Democratic candidates for reelection who opposed preparations for defense and opposed marshaling our man power for war. His approval, with few exceptions, has been accorded Democrats, because they are Democrats regardless of their support of the war.

"He will doubtless ask Governor Cox's reelection in spite of the governor's prewar utterances. In short, we are undergoing such changes under the exercise of extraordinary war powers that we finally have to be advised by the president how we shall

## Insists That Frail, Nervous Women Can Speedily Become Strong and Vigorous

A Vigorous Healthy Body,  
Sparkling Eyes and Health-  
Colored Cheeks Come in Two  
Weeks, Says Discoverer  
Bio-feren.

World's Grandest Health  
Builder Costs Nothing  
Unless It Gives to  
Women the Buoyant  
Health They Long for.

It is safe to say that right here in this big city are tens of thousands of weak, nervous run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

"The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package from Sayre & Hemphill or any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started, your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lactin; Calcium; Glycero-phosphate; Iron; Potassium; Manganese; Potassium; Ext. Nux. Vomica; Powder; Gentian; Phenolphthalein; Oleoresin Capsicum; Kolo. adv

vote to prove our love of country and our interest in its triumphs.

"A fine spectacle for the world peoples to whom we preach a popularly governed democracy. A fine state of affairs when a people who believe in popular government through political parties and have a party preference are told by the nation's chief that only one party is fit to serve. Our people know better. Our people know that no one party has all the patriotism or all the wisdom of the land.

"The answer will be a Republican comeback in Ohio, and the nation. The election of Governor Willis and an increased Republican delegation in congress will hold Ohio abidingly loyal and prove our faith in representative democracy instead of futile hopes in a perpetuated Democratic party."

## YANK PRISONERS ARE NOW WELL CARED FOR

American wives, mothers and loved ones of captured Yankees confined in German prison camps need have no fear their boys will suffer from lack of food. With characteristic live-wire, modern business efficiency methods the American Red Cross has perfected a great organization which now forwards weekly supplies of food to all American prisoners in Germany through Berne, Switzerland.

At Berne the Red Cross has leased a large warehouse which now contains sufficient food to supply 10,000 American prisoners for a period of six months. A similar warehouse has been leased in Copenhagen, which will be ready to take up the work of prisoners' relief at a moment's notice.

As soon as a man is reported a prisoner of war a 20-pound parcel of food is sent to him, and this is followed by a shipment of the same size each week thereafter, the parcel containing also a supply of suitable clothing, toilet articles, tobacco and certain luxuries. The American war department has furnished clothing for the enlisted men, and the Red Cross has a tailor shop at Berne to provide officers' uniforms.

A typical individual weekly package sent to a Yankee prisoner of war includes the following articles:

Two pounds corned beef, one pound roast beef, two pounds salmon, two pounds corned-beef hash, two pounds pork and beans, one pound dried beans, two pounds tomatoes, corn and peas, five pounds hard bread and biscuits, one pound granulated sugar, one pound prunes, one bar soap, salt and pepper, coco, jam, raisins or figs, chocolate and one hundred cigarettes.

A special invalid's ration approved by the United States army surgeon general is issued to prisoners reported ill.

### Then and Now.

"Thirty years ago," said the man who had traveled to the end of the earth and most of the way back, "I started out, alone, unaided, without friends to help me along, with the intention of making the world pay me the living that it owes me. My only allies were a dollar bill and a determination to make a million more. Today (and he threw out his chest proudly) I still have the determination and fifty cents in change."

"Do you think I would start housekeeping without Golden Sun? Not for a minute! HE knows good coffee when he tastes it. And so do I."

## COUNTY CLERK ISSUES BAR DOCKET FOR THE LAWYERS CONVENIENCE

Judge C. H. Kyle and the local lawyers are delighted with a neat little bar docket for the October term of court, which has been issued for the convenience of the court and lawyers, by Clerk of the Courts George W. Sheets.

While many other counties have been accustomed to issuing handy editions of the bar docket, this is the first time such a thing has been done in Greene county, and Judge Kyle and members of the bar are pleased with the initiative of Mr. Sheets in having the little book printed for distribution.

The book contains 54 pages, and its contents consist of a list of members of the Greene county bar, court officers, a complete index and the cases set for the term with the number of the case, and the attorneys representing both parties. The opposite sheet is blank for notations.

The honor roll of members of the bar in the service is printed and bears the following names: Captain C. L. Darlington; Captain D. G. Younklin, Lieutenant Dunkle and James P. Kyle.

## RURAL OHIO VOTE TO WIN FOR DRYS

Columbus, O.—(Special).—If the rural vote of Ohio is polled next Tuesday, the state will go dry. This is the opinion of both wets and dries.

The dries maintain they will win as they say the country voters will go to the election. The wets admit they are not relying on arguments to win, but assert the state will remain wet because they do not believe the farmers and small town voters are enough interested to poll a full vote.

It is a peculiar ending of the dry and wet campaign. Because of the influenza and the ban on public meetings, the dries had to give up their speaking campaign, including the Bryan tour. As the wets frankly admit, they are without argument. They did not expect to hold public meetings.

The dries are making up for the lack of meetings by an intensive campaign in each county, carrying their cause to the homes. In this way they expect to accomplish better results than through public meetings, as personal work is most effective.

Last year the dries made wonderful gains in the cities, but lost by only 1,137 votes, because the rural dry vote did not come out. But the farmers are stirred this year. They believe the liquor traffic is disloyal. The fact that it financed the traitorous German American Alliance, that it destroys manpower and foodstuffs and that it wastes fuel and hampers the government in the conduct of the war, has aroused the farmers, as all other classes of citizens, and they are hot on its trail.

Then, too, the action of the government in its restrictions and prohibitions has focussed the attention of the voters on the iniquity of the traffic and they believe it to be as much their duty to vote it to death as for the allies to shoot to death German autocracy.

A wave of indignation against the traffic has been sweeping over the state recently because of the influenza. The liquor men have attempted to capitalize the epidemic by starting rumors that whisky was being used by the car load at Camp Sherman to combat it. The camp adjutant burst this bubble in a statement which said liquor is not being used, although it was offered. Liquor dealers have cards in saloon windows saying whisky is a cure for the malady, and that physicians are prescribing it. This is refuted by health officers in Cincinnati, Columbus and other places, who warn the people not to use liquor as a cure.

The voters believe that a traffic which seeks to take advantage of an epidemic to make money and by so doing, endanger the lives of people, should not be permitted to exist.

An argument in favor of Ohio voting dry which wets can not meet and which destroys every claim made by the liquor men is that 28 states are now dry and the people of these states are so pleased with the operation of prohibition that they will not permit the saloon to come back. This fact proves the fallacy of the tax and revenue arguments of the wets and answers every reason advanced by them why Ohio should vote wet. In short, 28 states are proving that prohibition is beneficial, and if it benefits these states it will benefit Ohio.

The wets of Ohio are relying on money to keep the state wet. Never before have they been so devoid of argument. All the claims made against prohibition in former years have been discarded, because they have been exploded. They are spending their money for the one purpose of trying to keep in business.

The observation seems well based, that the dries will win next Tuesday if the rural counties will get out their vote. The dry voter who remains away from the polls will be to blame if the dries lose, and the farmer, like the city man, believes it is patriotic to vote dry this year.

## Obituary

Private Leroy Burba was born at New Jasper, Ohio, on May 30, 1897, and died at the base hospital at Camp Sherman, Ohio, on the morning of October 2, 1918, aged 21 years, 4 months, and three days.

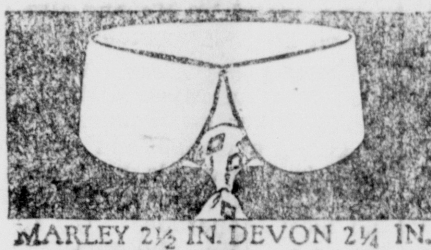

He was the eldest son of William A. and May Burba. Two brothers, William and Homer, have preceded him in death, while four brothers, Carl, Walter, Jack and Teddy, remain with the father and mother to mourn the passing of the eldest son and brother. Truly the home is bereft; for Roy was a dutiful son, a pillar to the home and his parents. In his last illness he would not permit news of his illness to be sent to his family, for he did not wish to worry his mother.

Leroy Burba removed with the family to Xenia, when he was 15 years of age, and Xenia had been his home ever since. He attended the public schools, and since leaving school had been employed at the Ohio Soldiers' and Sailors' Orphans' Home, and at the Xenia shoe factory.

Having reached the age of 21, he registered on last June 5. Then he was taken to Camp Sherman just three months later on September 5. And less than a month afterward he was stricken with that dread and fatal disease, pneumonia, and died within a short time. Just one month after he went to camp he was laid away on October 5 in Woodland cemetery in Xenia, Ohio.

### Olive Culture.

It is estimated that the number of olive trees in Greece is about 11,500,000. The olives are used for a variety of purposes. Those picked from the trees while green and unripe are made into vinegar, those picked when black and ripe are preserved for the table, and those not intended for home consumption are pressed for their oil.

Charge With Their Ballots on November 5th

The Republican Campaign Committee

# WATER WAS CAUSE OF FEVER EPIDEMIC

An exhaustive report covering the typhoid fever epidemic in Xenia between August 27th and September 16th was submitted to City Manager Kenyon Tuesday morning by the State Board of Health in which that department declares that the city water was the common source of infection. The report covers a number of typewritten pages and includes a carefully prepared map of Xenia showing the exact location of the forty-four cases of typhoid fever which developed in the city and four blue print diagrams. One of these blue prints gives the name and history of each case of typhoid fever which developed in Xenia during the epidemic. Another presents a chronological chart of the typhoid fever epidemic, another shows the result of twenty-seven tests of water in the city and the fourth shows the result of the test of the bleaching powder used by the Water company to purify the water.

The map of the city indicating the location of the various cases shows that while they were scattered over the entire city that the majority of the cases were near the center of the city. On Main and Second streets alone there were nine cases between Detroit and Galloway streets. The diagram giving the history of the cases is especially complete in every particular. The name of each victim is given together with the age of the victim, the date when illness set in, the source of water, milk and vegetable supplies, names of other cities visited prior to date of illness, public gatherings attended, nature of employment, sanitary conditions at residence of victim, etc.

The written report gave a complete history of the epidemic in Xenia and compared it with conditions in the city in 1917 and 1918. It is shown by the report that milk, ice cream, shell fish and vegetables were examined by the State Health authorities and it was found that the epidemic did not originate from any of those sources. Sixteen out of the 44 cases had used no ice cream during the three weeks prior to their illness. Eleven cases used vegetables only from their own gardens and six used no vegetables at all. None of the cases had used shell fish.

Only one of the victims of the epidemic, the report shows, had attended a public gathering immediately prior to being ill. That one attended Ohio State Fair. The report shows that

a large portion of those who were ill with typhoid fever attended the Greene County Fair, but it is pointed out that this fair was held on August 6, 7, 8 and 9 and the first case of typhoid fever did not develop until August 27, which indicates that there was no connection between that public gathering and the epidemic.

The report has the following to say about the city water supply: "The city of Xenia is furnished with water by a private company known as the Xenia Water company. The supply is derived from two sources—a system of drilled wells southwest of the city and a combined surface and ground water supply derived from reservoirs, springs and dug wells located north of the city. The original installation consisted of the combined surface and ground water, which was installed in 1887. The drilled well supply was installed in 1886, which was not sufficient to furnish the city entirely. The quality of the water obtained from the drilled wells south of the city at the Cincinnati pike station has always appeared to be good from a sanitary standpoint. On the other hand, the quality of the water obtained from the Springfield pike station north of the city which is partly of surface origin, has been shown to be poor from a sanitary standpoint on several occasions. Recognizing this fact, the Xenia Water company, placed in operation in 1914, a hypochlorite disinfection plant. On an average, the city is furnished with a public water supply, two-thirds of which is derived from the Cincinnati pike station or drilled wells, and one-third from the Springfield Pike station or treated surface and spring water.

"During dry weather the drilled well supply becomes less and the relative amounts of water pumped from each station becomes more nearly equal. It is not practicable to locate exactly the parts of the system furnished with water from either source because of the varying degree of operation of the two pumping stations and the variation in consumption throughout the distributing system. However, because of the considerable amount of iron in the drilled well supply, a reasonable disinfection can be obtained. The section of the city served with chlorinated water is confined largely to the north, south and west portions of the city.

"Samples of water collected all over the city showed that water derived from the Cincinnati pike station was of a satisfactory sanitary quality, and that water from the Springfield pike station was of doubtful and unsatisfactory quality. A sample of the hypochlorite solution, its method of preparation, and tests of the dry bleaching powder used, were conclusive in showing that no fault in operation existed, but the dry bleaching powder was consistently of inferior quality. Since this substance was guaranteed to be of proper strength, it follows that the under treatment of the city water was purely accidental; nevertheless, it is significant that such a possibility always exists when disinfection of a public water supply is necessary to render it safe for domestic use.

"In order to avoid a recurrence of a polluted water being supplied the consumer at Xenia, the water company should abandon the existing supply at the Springfield Pike station, and procure water of satisfactory sanitary quality from another source. In the meanwhile, it is advisable that the company abandon its hypochlorite method of using liquid chlorine."

Acting upon the verbal suggestions from the State Board of Health, which were received sometime ago, the Xenia Water Company working in co-operation with the city authorities have corrected the difficulty at the Springfield station by increasing the amount of chlorine used, and it is now believed that the water is pure after treatment.

City Manager Riddle states that the city authorities propose to conduct regular examinations of the water both before and after it is treated and also of the bleaching powder that is used. Plans are now under way to conduct an examination for the purpose of locating the source of contamination of the water at Springfield station.

Reports of four tests of water from private wells were also submitted by the State Board and it is shown that all of them are contaminated. The city authorities have ordered these wells closed. Owners of other private wells would do well to have the water tested at once.

## AUSTRIAN LINES ARE BROKEN

(Continued from Page 1)

to the 9,600 reported in yesterday's communique.

Italians have entered the important town of Alessio, in Albania, (20 miles south of Scutari) and are advancing on the San Giovanni Di Medua.

"The twelfth and eighth armies have extended their bridgeheads," the statement said.

"North of the Ormo torrent, we have gained new advantages."

"East of Grave Di Papadopoli the enemy ceded ground. We broke through the enemy lines and liberated the villages of Brogo, Malonotte, Tezze, Rai, San Michele Di Piave, Cinadolino, San Polo Di Piave and Ormelie. We entered San Lucia Di Piave and Vazzola, and are approaching the Monticane river. We captured additional prisoners and guns."

"In Albania, we entered Alessio and are marching on San Giovanni Di Medua."

An earlier communique said: "Between the slopes of Valdobbiadene and the mouth of the Soligo, we crossed the Piave river at Grave Di Papadopoli we compelled the enemy to retire and repulsed two counter attacks."

"Yesterday our prisoners totalled more than 9,000 and fifty one guns were captured. Ten thousand kilos of bombs were dropped and 11 hostile planes and three balloons were brought down."

"In the Grappa region, local actions continued. We took 150 prisoners."

"At Mont Pertica, the enemy succeeded in gaining a foothold, but in a counter attack we regained possession of the position."

"In Albania we crossed the Mati river and are marching on Alessio."

The British communique said: "The Italians have reached the line of Roncadelle, Ormelie, Borgo, Bianche and Rai. In the center, the British reached the line of Bobotto and Damiano, one kilometer south of Borgovilla and Milanese. To the northward the Italians are making good progress. They have captured prisoners and guns which have not yet been counted."

## JAMESTOWN

Mr. and Mrs. Charles Wean and daughter Susan, were guests over Sunday of Mr. William Wean and family, of Cedarville, O.

Mr. Grant Miller and Mrs. Hawkins, of Flat Rock, Ill., motored through to Jamestown and spent several days with friends and relatives here. They are children of Perry Miller, a former Greene county resident.

Mr. and Mrs. C. M. Thompson have purchased the Mark Sutton property on Xenia street, occupied by Mr. and Mrs. F. W. Jewell. Mr. and Mrs. Jewell will remove to the property now occupied by Mr. and Mrs. Thompson on South Limestone street.

A merry party of young people, classmates of Miss Mildred McCall, surprised her on Wednesday evening, by giving a weiner and marshmallow roast in the woods near her home, west of town. About twenty five girls and boys chaperoned by Mrs. E. J. Arnold and Miss Dorothy Adams, enjoyed the evening.

Mr. Cyrus Hite and wife, of Bellefontaine, were the guests this week of Mr. and Mrs. John Hite.

Mrs. Willis McDorman, Mrs. Kate Boteler, Mrs. Grace Sanders and daughter Kathryn, were guests Thursday, of Mrs. James Watkins and family, of Jeffersonville.

Miss Jennie Neighbour, of Cleveland, is the guest of her sisters, Mrs. G. O. Carpenter and Mrs. G. R. Barghill, and Miss Belle Neighbour.

Lieutenant Keith Moon passed through Dayton enroute to Garden City, N. Y., Friday evening a week ago. Mrs. C. C. Moon and Miss Cleo Hurley, of Xenia, accompanied him as far as Pittsburgh. Lieut. Moon expects to be "across" very soon.

Mrs. M. H. Klatt spent several days this week with her parents in Fairfield.

Mrs. Oka Spahr and daughter Helen have been quite ill with the influenza.

The marriage of Miss Lena Brown and Mr. E. R. Plummer, of Portsmouth, Ohio, has just been made public. The wedding occurred in Portsmouth in September, but was kept secret from her friends and family here until last week when Mrs. Plummer arrived to make a visit with her parents, Mr. and Mrs. John Brown. Her sister, Mrs. John Gardner, accompanied her to Portsmouth last Tuesday and will spend some time with her grandfather, Mr. John Brown, of that place.

Mortality in Civil War.

The battle of our Civil war having the highest mortality rate was Gettysburg—"the high tide of the rebellion"—where 55 men were killed out of every 1,000 engaged. Mortality rates in some other important battles were: First Bull Run, 40.7; second Bull Run, 45.4; Antietam, 39.7; Chickamauga, 47.6; Fredericksburg, 18.1; Wilderness, 31.2; Spottsylvania, 44.3.

Wash That Itch Away

There is absolutely no sufferer from eczema who ever used the simple wash D. D. D. and did not feel immediately that wonderfully calm, cool sensation that comes when the itch is taken away. This soothing wash penetrates the pores, gives instant relief from the most distressing skin diseases.

THE OLD WOOD STOVE WILL KEEP A FAMILY WARM THIS WINTER AND AT THE SAME TIME, THROUGH SAVING COAL, BE AN EFFECTIVE WEAPON FOR DEMOCRACY.

WHEN EVERY MOVE HURTS

Lame every morning, aching and stiff all day, worse when it's damp or chilly? Suspect your kidneys and try the remedy your neighbors use.

Mrs. S. E. Ayres, 221 S. Miami St., Xenia, says: "I had rheumatic pains and could hardly walk; the muscles on my limbs were awfully sore and lame and cutting pains went through me every time I moved. Nights I couldn't get any rest to amount to anything, because my back throbbed with pains. I used Doan's Kidney Pills that I got at Solin's Drug Store and they soon rid me of the trouble entirely. Since then, when I have felt the need of a kidney medicine, I have used Doan's and they have always helped me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ayres had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

STEEL BUILDING

## XENIA IMPERIALS TO PLAY DAYTON TEAM

The fast Imperials, Xenia's only amateur football team of this season, is getting into it for the first time, next Sunday.

Manager Richard Fay has booked a game with the Beavers of Dayton, the fastest 150 pound team of that city. He has several other fast teams booked, among which is the crack Algonquin team of Springfield, also the Company A team of Wright Field, which will be the first game to be played on the home field.

The members of the Xenia team are requested by the manager to appear every night this week for practice.

## EAST END NEWS

The funeral of Mrs. Balwin Allen will take place Wednesday afternoon, at one o'clock from her late residence.

The funeral of Mr. John Walker will be held Wednesday afternoon at 2:30, from the residence of his parents, Mr. and Mrs. Isaac Walker on East Second street.

The commandant of Camp Sherman has promoted Caswell Summers to the rank of supply sergeant.

Banks Corbett, East Main street grocer, found a snake concealed in a bunch of bananas, Saturday night. The snake was about 2 1/2 feet long and said to be of a new variety, and very pretty, if a snake can be called such. Mr. Corbett killed the snake and threw the bananas into the street.

## RED CROSS IS HARD AT WORK IN ENGLAND

The American Red Cross surgical dressing workshop and warehouse in England. Red Cross work is not solely confined to the nursing of the wounded. There are other sections which the public knows little about, such as shown in this picture, the preparation and distribution of surgical dressing bandages, which form an important item in the work.

When in doubt, try a Gazette want

## DRUGGISTS! PLEASE NOTE VICK'S VAPORUB OVERSOLD DUE TO PRESENT EPIDEMIC

Tremendous Demand Last Few Days Has Wiped Out Excess Stocks That We Had Estimated Would Last Until Next January. Last Week's Orders Called for One and Three Quarter Million Jars—Today's Orders Alone Amount to 932,459 Jars.

Big Shipments Are EnRoute to Jobbers. Until These Arrive There May Be a Temporary Shortage. All Deals Postponed—Buy in Small Lots Only.

RETAILERS CAN GET IMMEDIATE SHIPMENTS DIRECT BY PARCELS POST.

This advertisement is written on Monday, October 21st. It is directed to the attention of all distributors of Vick's VapoRub, both wholesale and retail. In an emergency such as the present epidemic—our duty—and your duty—is to distribute VapoRub in the quickest possible manner to those sections stricken by Influenza. We, therefore, call your careful attention to the following:

DANGER OF SHORTAGE IF SUPPLY IS NOT CONSERVED

On October 1st we had on hand, at our Factory and in twenty warehouses scattered over the country, sufficient VapoRub to last us, we thought until January 1st, allowing for a 50 per cent increase over last year's sales, and not counting our daily output. This big excess stock had been accumulated during the summer months.

Then this epidemic of Spanish Influenza hit us—and in the last 10 days this stock has vanished. At first we thought this tremendous demand would last only a few days, but the orders have run:

Wed., Oct. 16—10,504 Doz.  
Thurs., Oct. 17—25,323 Doz.  
Fri., Oct. 18—39,256 Doz.  
Sat., Oct. 19—45,823 Doz.  
Mon., Oct. 21—77,705 Doz.

Up to Saturday, October 19th, we have actually shipped for this month \$400,284.10, or over two million jars of VapoRub.

THE PROBLEM NOW IS TO DISTRIBUTE VAPORUB QUICKLY

Most of this tremendous quantity is still en route to the jobbers, but freight and express are both congested nowadays, and it may be some time before this supply reaches the jobbers.

In the meantime, therefore, it is necessary that we distribute, as widely as possible, the stock that we are manufacturing daily, together with that now on the jobbers' and retailers' shelves, in order that it may get to the influenza districts quickly. Our normal output is about 4,000 dozen per day. We are putting on a night shift, but it will be a little while before that is producing.

WHAT WE ASK THE WHOLESALE DRUGGIST TO DO

Last Saturday we notified all of our jobbers, by Special Delivery, as follows:

1st—Deals and quantity shipments of all kinds are cancelled. Fill no quantity orders of any kind, whether taken by our salesmen or by your own. Sell in small lots only.

The Vick Chemical Company, Greensboro, N. C.

2nd—Order from us as small quantities as possible. If you are out we will try to ship a limited amount by Parcel Post or express, and pay the charges ourselves.

3rd—In order to make distribution still quicker, we will ship direct to your retail customers quantities not more than three (3) dozen 30c size at any one shipment.

4th—We are now out of the 60c size and will be for the next 10 days.

WHAT WE ASK THE RETAIL DRUGGIST TO DO

Buy in as small quantities as possible. If you have any quantity orders, given the jobbers' salesmen or given to our salesmen, don't bother about them—no need to write us—it is absolutely impossible to fill these orders at this time. If the jobbers in your territory are out of Vick's VapoRub, we will ship you by Parcel Post, prepaid, quantities not more than three (3) dozen 30c size in any one order. Naturally, we can't open accounts at this time, so your check or money order for this amount must accompany order. Don't write us stating to ship thru your jobber, as we then have to wait until we write this jobber and get his O. K. If you wish the goods to come thru your jobber, have him order them for you.

SNOWED UNDER WITH CORRESPONDENCE

Our force has already been "shot to pieces"—twenty-four of our men are wearing Uncle Sam's khaki—and this recent rush has simply buried us. All our sales force has been called in to help in the office and factory. We just mention this so you won't hold it against us if your wires and letters aren't answered promptly.

SPECIAL BOOKLETS ON SPANISH INFLUENZA

We will send, on request, to any retail druggist, 100 or more little booklets, just issued, on Spanish Influenza, giving the latest information about this disease—its history—the symptoms—the treatment, and particularly the use of Vick's VapoRub as an external application to supplement the physician's treatment.

NEW WAYS TO USE VAPORUB

In addition to the usual method of using VapoRub—that is, applied over the throat and chest and covered with hot flannel cloths—our customers are writing us daily telling of their success in using VapoRub in other ways, particularly as a preventive. They melt a little in a spoon and inhale the vapors arising, or melt it in a benzoin steam kettle. Where the steam kettle is not available, VapoRub can be used in an ordinary tea-kettle. Fill the tea-kettle half full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

According to a Bulletin just issued by the Public Health Service, Dr. Stiles, of this Service, recommends that the nose be kept greased as a preventive measure against the influenza germs. For this purpose VapoRub is excellent.

## Try Making Your Own Cough Remedy

You can save about \$2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Does Your Food Kick Back?

Thousands upon thousands are taking Pepsinco, the marvel of the 20th century, because they could not eat a meal without distress, pain and a disagreeable bloating. Today they are better, able to eat what they want and when they want. They took Pepsinco. Do you feel bad after eating? Take Pepsinco. They will aid digestion. No pain, distress. It's like living life over again when you take Pepsinco. The absence of pain and sourness makes you contented and happy. Mr. R. said Pepsinco saved his life simply because he did not dare eat things good for him and he was slowly starving to death. Pepsinco helped him. All druggists sell and recommend Pepsinco.

Keeps Your Stove Shining Bright

## PUBLIC SALES

Have your sale announced FREE in this column early so that you may claim your date and others will stay off of it. These ads are run every day and are gratis with the large display advertising. We also furnish sale bills without charge. Let us tell you about it.

PUBLIC SALE—October 30th, Wednesday, at 10 a. m. sharp, at my residence on what was known as the Moore farm, 5 miles west of Xenia on the Upper Bellbrook pike: 4 head of horses, 17 head of Holstein cattle, 88 head of hogs, 88 head of sheep, farm implements and household goods. M. J. Sullivan, Auctioneer, J. E. Sullivan, clerk. NC HENRY TOMS.

PUBLIC SALE—Oct. 30th, 1918, on the Miss Williams' farm, 4 miles north-west of Jamestown, the Moore road at 12:30 sharp, 6 head of horses, 2 cows, 46 head of big type P. C. hogs, farm implements and household goods. M. J. Sullivan, Auctioneer, V. C. Collett, clerk. NC W. A. McCall, Xenia, R-2.

PUBLIC SALE—Oct. 31st, Thursday 10:30 a. m. at my residence, 2 miles from Xenia on the Lower Bellbrook pike, 14 head of cattle, registered bulls, 175 head of immured hogs, Grieve and Mills, Auctions. Frank Bickett, clerk. NC FRANK BARNETT.

PUBLIC SALE—Nov. 1st, 1918, at 10 o'clock, sharp, on the W. H. Barber farm, 1-3 mile west of Cedarville, 5 horses, 12 head of cattle, 1 head of hogs, farm implements, hay, shock corn, and many other things. Titus, auctioneer; Jas. Dixon and Frank Hastings, clerk. D. S. DIXON.

PUBLIC SALE advertising in the Gazette and Republican. The farmer has no time to stop along the road to read sale bills. He is coming to depend upon the paper to notify him of the sale dates and articles to be offered for sale. It's the buyer from a distance who jumps in to his auto and hustles to your sale, who pays what your stuff is worth. Your neighbor no longer can stand around and pick off what he needs at an absurd price, as he does when you have not properly advertised, and getting a bad crowd. Use the Gazette and Republican if you want the worth of everything you offer. Don't try to save on your advertising.

PUBLIC SALE—Nov. 1st, 12:30 sharp, 1 1/2 miles west of Xenia on the Upper Bellbrook pike, at my place—4 horses, 5 cattle, 4 Poland China brood sows, 100 barred rock chickens, farm implements and household goods. Wm. Mills, Auction. E. O. BARNETT.

PUBLIC SALE—Wednesday, November 6, 1918, at 10:30 a. m. at my residence, 2 miles north of Xenia and one mile north of Paintsville on Hussey pike—three head of horses, 14 head of cattle, 31 head of Shropshire sheep, 1 Pure bred all kinds of farming implements and some household goods. Grieve & Morrow, Auctioneers, N. C. L. E. JONES.

PUBLIC SALE—Nov. 8th, at 1 o'clock, at my residence, 1 mile east of Xenia and one mile south from the Spring Valley and Paintersville pike, 4 horses, 5 cattle, 8 fall pigs, 500 lb. corn, 100 chickens, Irish and sweet potatoes and some farm implements. Mills, Auction. N. C. L. E. RUDDUCK.

PUBLIC SALE—Thursday, November 7th, 1918 at 10 a. m. on the McDonough farm, four miles southeast of Xenia, on the Stone road—125 hogs, 16 head of cattle, 171 head of sheep, 200 shocks of corn, 150 bushels oats, and one manure spreader. R. R. Grieve, Auctioneer.

## YELLOW SPRINGS

Miss Martha Kelly, who volunteered to do nursing, has returned home from the Wright Field, where she has been for several weeks helping to care for the sick. She will soon leave for Washington, D. C., where she will enter the Walter Reed hospital as a student in the army nurses' training corps.

Dr. Charles B. Hamann, who has been at Camp Dix, N. J., is enjoying a few days' furlough with relatives before taking a leave of absence at Camp McClellan, Annapolis, Md., where he has been transferred to do tuberculosis examining.

Howard Pultz returned Wednesday from Romney, W. Va., where he spent several weeks visiting relatives.

Mrs. Wm. Cunningham, of Springfield, is the guest of her daughter, Mrs. John Dewine.

Mr. and Mrs. Ralph Figies, of Springfield, are the parents of a baby girl, born Friday.

Mrs. Russell Black and daughter Helen, of Springfield, spent the past week here visiting Dr. and Mrs. G. D. Black.

Theodore Vandervort, of Camp Sherman, had a three days' furlough last week and spent it here with his parents. He returned to camp Saturday.

Prof. W. W. Weaver, teacher in the Y. M. C. A. school in Cincinnati, made a business trip here Friday.

Mrs. Emma Wilson, of Sackville, spent the week end with her mother, Mrs. E. J. Winslow.

Friends here have received word of the serious illness of Mrs. U. M. Stewart, of Economy, Ind.

The Stewarts owned a farm on the Fairfield pike, a few miles from town. They sold their farm last fall and bought one in Indiana.

Mrs. Stewart has been in a hospital and has not been well since they left here.

Mrs. Jessie Shoemaker, who has been visiting relatives here and through the country, has returned to her home in Chicago, Ill.

Mrs. David Gram, of Springfield, is visiting her daughter, Mrs. C. H. Hackett.

Miss Kate Wren, who spent the summer here, has returned to her home in Middletown, Ohio.

Phillip Stephenson, of Springfield, is visiting his grandparents, Mr. and Mrs. C. C. Stephenson.

Mrs. Ellen Phillips left Friday for Dayton, where she will spend several weeks with her niece, Mrs. S. S. Kings.

Mrs. S. H. Rathbun, of California, is spending a few days with her aunt, Miss Nellie Grinnell. Mrs. Rathbun is enroute to Washington, D. C., where she will join her husband, who is in the government work.

The many friends of Lillie Blazer were shocked Saturday when the news of her death was received. Miss Blazer lived here until a few years ago, when the family moved to Portsmouth. She was taken ill of influenza which developed into pneumonia. She died Saturday morning at two o'clock. The funeral and burial took place Monday afternoon at Portsmouth.

Mrs. C. F. Vandervort, accompanied by her daughter, Mrs. Allen Smith, left Friday for Martinsville, Ind., where Mrs. Vandervort will enter a sanatorium to receive treatment for neuritis.

Mrs. Hal Vandervort and son Hal Martin have returned to their home in Pennsylvania after a two weeks' visit here with C. F. Vandervort and family.

Ed Lingon, Jr., who is stationed at the Wright field, spent the week end with his parents, Mr. and Mrs. Ed Lingon.

Dr. and Mrs. R. R. Richison and Mr. and Mrs. Wendell Black motored to Van Wert Saturday returning Sunday.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

## DISCOURAGED

You have tried everything. It's the same old story. I hear it everyday. Your courage is gone, your faith is gone. The end would be gladly welcomed, but even that won't come. What would you give to be a well man—a well woman? What wouldn't you give? Worse cases, perhaps than yours, are yielding as if by magic to its subtle power. Why not your case? I will leave it to your intelligence and good judgment. Slaves to mock or false modesty, you deserve to suffer 95 per cent of the supposed incurable cases could be relieved physically and mentally, if they would only confess it to a friend, family, or better, a skilled physician. Don't argue I've tried electricity with no results—you may have no idea what an up-to-date electrically equipped institution really is.

IF I ONLY KNEW JUST WHAT AILS ME.

How often have you made this remark? Yet you continue to suffer, hesitating to seek aid because you consider that medical attention would be too expensive, or, perhaps, are you dissatisfied with past treatment?

Remember, all the wailing, hoping and praying never cured any real physical ailment. Then, why continue to grope in the dark, suffering pain, discomfort and dissatisfaction?

An X-ray examination will cost you but one dollar and is considered by the medical profession as one of the greatest aids to a correct diagnosis. If your case is not incurable you can be treated in one of the most completely equipped offices in the Middle West. 25 years experience.

Office Hours: 9-6 a. m. to 7:30 p. m.

Sundays: 9-6 a. m. to 11:30.

DR. GEO. F. HERMANN.

S. W. Cor. 6th and Vine, Greenwood Bldg., Entrance No. 7 W. Sixth St., CINCINNATI, OHIO.

No operations. No attendants.

CREST OF EPIDEMIC  
BELIEVED PASSED  
AT O. S. & S. O. HOME

"I believe it will soon be over now. The crest of the epidemic has been passed," said Dr. W. C. Hewitt, O. S. and S. O. Home physician, Tuesday morning.

There were only about forty new cases of influenza reported Monday, but five bronchial pneumonia cases have developed and while they are very ill, they were thought to be doing fairly well Tuesday morning. The pneumonia cases are being treated in the detention ward.

Dr. Hewitt said that he had only 21 new cases in his office clinic by 9 o'clock Tuesday morning. There are still about 350 or 400 victims of the influenza in the hospital and temporary infirmaries at the institution, but the exact number of those who are ill could not be given. So far few of the adults about the institution have fallen ill, and those who are victims of the influenza are not seriously ill.

Three of the volunteer nurses have fallen victim to the prevailing malady. Miss May Davis, a teacher in the Home schools, is ill, and her sister, Miss Rachael Davis of Columbus, came to the Home to nurse her. Miss Matthews, another teacher-nurse who was taken ill is now convalescent.

It is now possible to take care of the sick with the nursing units available.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

GREENE COUNTY  
HIGHWAYS ARE  
GIVEN PRAISE

Greene County Commissioners are feeling good over an unsought compliment regarding the excellent condition of the highways of the county, which has been received from Scott Pierce, chairman of the Montgomery County Local Board. In a communication received from Mr. Pierce, he says:

I have just returned from an automobile trip through several counties south east of Dayton, and while in your county I could not help noticing the great superiority of your roadways over those of any county I visited.

Please accept my appreciation of the good work you have done and are doing in keeping your highways in such excellent condition. It is the best paying investment you can make for the people to whom you are responsible.

SEVENTY FIVE NEW  
SOLDIERS ARRIVE AT  
WILBERFORCE CAMP

Seventy-five colored soldiers arrived in Xenia Tuesday morning from Camp Custer, near Battle Creek, Mich., to be assigned to Section B, of the military training school at Wilberforce. The men marched from the railroad station in this city to Wilberforce.

Section B comprises the industrial army training at Wilberforce and there are about 240 men in this unit. The men in Section A, compose the Student Army Training Corps, the collegiate section of about 150 men.

Influenza has been practically eliminated at Wilberforce. There are a number of cases, but those critically ill of pneumonia are all recovering. Dr. George H. Flanders the army dentist stationed at the post who was critically ill for a long time, is convalescent.

REPUBLICANS MEET  
FRANK B. WILLIS

A party of Xenia and Greene County Republicans went to London Tuesday morning to meet Frank B. Willis, the Republican candidate for Governor of Ohio. The local party will accompany Mr. Willis to Dayton stopping at South Charleston, Selma, Cedarville and Xenia where the Republican candidate will meet party leaders. Owing to the ban on meetings Mr. Willis will not be able to make any public speeches but in this informal way he expects to meet a great many of the party leaders throughout the state. Local committees will accompany him on his trip through the various counties.

## Where Great Men Begin.

The small fry shine with singularity; great men start from their deep likeness to the race. Emerson remarked that great men have accepted the society of their contemporaries, the connection of events, and confined themselves to the genius of their age. A taste for smashing and alienation or martyrdom is not necessarily any better than a taste for heroisms or sentiment or jewelry.—Stark Young in The New Republic.

## DON'T YOU NEED ONE NOW?

Indigestion, biliousness, bad breath, gas, constipation or any condition arising from a mass of undigested food in the stomach needs immediate attention. Foley Cathartic Tablets are mild and gentle, but sure in action. Cause no gripping, pain or nausea. Cleanse bowels, sweeten stomach, and tone up liver. Sayre and Hemphill.

WILL INTEREST THOUSANDS OF PERSONS IN ALL WALKS OF LIFE. FULL PARTICULARS GIVEN WHEN FIRST INSTALLMENT BEGINS NEXT WEDNESDAY.

## TO-END-UP-AT-A-POT-OF-GOLD

ENTERS PLEA OF  
NOT GUILTY TO  
INJURING HORSE

When arraigned before Police Judge Smith on a charge of wounding a horse, owned by Adam J. Gerlaugh, by sticking it with a pitch fork and thus causing its death, John Koogler of near Byron entered a plea of not guilty and was bound over to the grand jury under a bond of \$300, which he furnished. Gerlaugh, who also resides near Byron, charges that Koogler stuck the prongs of a pitch fork into the animal when it got into Koogler's corn field. Blood poisoning resulted from injuries received by the horse and it afterward died. Koogler denies having injured the horse. He says he was returning home from Dayton with his wife and when he reached home he found Gerlaugh's horses in his corn field. He said he left his buggy and declares he had no pitch fork in his hand at the time.

## Trebles Hardness of Leather.

A Norwegian engineer claims that he has discovered a process by which leather can be made two or three times as hard as it is normally, says Popular Mechanics Magazine. This is of very special interest in these days of high prices for footwear and other leather goods. While the leather can be made as hard as wood, it does not lose its elasticity, it is said, and also acquires greater resistance to both heat and moisture.

KNITTERS NEEDED  
TO KNIT SWEATERS

A special call for sweaters has been made by the Red Cross and yarn sufficient to make 700 of these garments has been received by the Greene County Chapter. With cold weather rapidly approaching, every knitter in Greene county is needed in order that the local Red Cross organization can turn in the number of sweaters required from it as soon as possible. As the Red Cross rooms are now closed, the yarn may be procured from Mrs. S. M. McKay, 208 West Market street.

MRS. S. M. MCKAY, Chairman.

Quite So.

"Now, boys," said the teacher, "If we are good while here on earth, when we die we will go to a place of everlasting bliss. But suppose we are bad, then what will become of us?" "I s'pose," ventured the bad boy, "we'll go to a place of everlasting blister!"—London Answers

Look closer at the clothes than you do at the price. See what we furnish

at \$40 and \$45 up

C. A. Weaver

Gen. Pershing's appeal to supply coal and keep the Germans running will not fall on deaf ears in American mines. Probably no place else in the country have greater efforts been put forth to do more than the customary "bit," and the result is apparent in our better readiness for winter.

## WHERE

is your trouble? Why not have it removed by correction of the cause? Investigation costs nothing. Call on local Chiropractor and have him tell you what may be done.
